President's Report

The club is coming out of the hibernation we have over the January period I'm very much back into the President's activities and hope to be able to get those little matter left over from last year all finished this year.

All centers have their social calendars underway which is the main activity of the club these days and the great fellowship it generates.

The Northern Sub Centre had their monthly coffee run last Friday and we had some 40 plus people converge on a new venue, a little bakery at Cressy. For such a small operation they put to shame some of the larger venues we use in that we were all served out drinks and eats in very good time. The Vanilla Slices were something to die for and most had to share with our wives or partners due to their size.

The Northern Sub Centre are in the process of organizing the annual Concours , AGM and Presentation Dinner which will be in Launceston this year. Keep an eye out for information and put the 7th November in your calendar and let's reward their efforts with a big role up.

We have commenced the competition year with a very dusty Bothwell motorkhana and this coming weekend we will have the Kelso Motorkhana and hope the little rain that we have had will keep the dust to a minimum.

Finally I will keep plugging the National Meeting at Aubrey Wodonga in April and to date we have 25 members making up a strong Tassie team so if you were thinking of going it's still not too late.

Remember you can get more out of you club membership by joining in and contributing.

Cheers

Mark Dilger
President

Secretary's Report

State Committee Meeting held at Ross on Monday 3rd February – first for the 2020 year.

Regalia - samples of new regalia to be obtained, eg Black Rugby tops, Blue Polo shirt with white stripe on collar. Hopefully ready for next meeting.

Several items for discussion at this meeting and for future meetings:

- 2020 Concourse, AGM and Dinner to be held in Launceston, 7th November.
- Buy gazebo (Walls), tables and chairs for competition events, (money from Race Committee). Approved
- Obtain refurbished Laptop for Motorkhana programs. Approved
- 2020 State Committee Meetings to be held by teleconference – June, July and August.
- Drive Day at Symmons Plains, costs and requirements
- Debif and First Aid kits require servicing – to be taken to supplier, Mortens Medical Hobart
- Storage of Motorkhana equipment, purchase a “shipping” container, ? place at Symmons Plains. Purchase a trailer to store equipment and store in container.
- Archives to be catalogued and stored
- If MG Race Committee should cease to conduct Race Meetings beyond 2020, ie? what happens to Course Car, remaining funds.
- Change of month, hold Concours separate day to AGM and Dinner

Ed Says

Submissions for this months magazine have been a bit disappointing. So whenever you are on a run and take a photo, send it through to me at editor@mgtas.org.au and don't forget to tell me who's the car is or who the people are. And if you are sending through photos taken by someone else, be sure to let me know who took the photos so they can be credited for them.

Although the summer has not been fantastic we have been out enjoying our new toy the F Trophy 160 (Miguel) poor Maggie has been trapped in the garage by the caravan being parked in the driveway. And all thanks to Andrew Merry, and the story goes like this.

When we bought the F, the roof had a couple of holes in and had the plastic rear window. Everyone told me replace it with a glass rear window hood the wiring is all in place, it looks much better and has a demister and you will never regret it. So I did buy a new hood with glass rear window and fitted it to our frame, made a couple of mods so the frame should not wear through when it is folded and fitted it to the car. But it would not fold down, our car is fitted with hoops and the window is too big for the remaining available space on the rear parcel tray.

So at concours I was talking to Andrew Merry and he was talking about buying a new hood for his TF, his had the plastic rear window and he wanted to go to a glass rear window. So we discussed how hard/easy it was to fit, when I suggested, why don't we swap complete tops, ours was brand new and fitted, and then he could purchase a new plastic window hood and I can fit that to his frame on our car. So after we checked everything was compatible, the deal was done, the new hood turned up the Monday before Xmas and we swapped the complete tops just after the New Year. All I have to do now is fit the new hood to our car before winter, but for now we're enjoying life with the top down , and all the wonderful aromas that road kill provides.

Ed.

PAST EVENTS

18th January – South East Rally. A fantastic event not to be missed.

Commenced at Wrest Point from 8.00am. This event was arranged by the Post Vintage Car Club of Tasmania.

The overall winner was Zube (Bronwyn Zuber) with a loss of 19 points and did the rally without a navigator.

COMING EVENTS

9th February – Maxie's Motorkhana and BBQ at "Selby", Kelso

(1637Greens Beach Road Kelso) Join the John James run departing VCCA clubrooms at 67 Lawrence Vale Rd at 10am (See Northern Notes for details). This has traditionally been one of the club's significant events, combining both the competitive and social aspects. The venue has changed, and it once again falls on a southern long weekend making it easier for us to attend. The event enables the "socialites" the opportunity to observe the competitors' confusion as they try to negotiate the **correct** course at speeds faster than the (elderly) brain can function. We were recently reminded that WD means "wrong direction" not "well done". Finishing with a BBQ and recap of the day's fun. *For further information contact Kevin McGuire 0409 315 014)*

23rd February - BBQ/picnic at Tynwald Park, New Norfolk via Hobart's historic hillclimbs.

Leave the Civic Club at **10am SHARP** and join us for a drive on a variety of highways and byways which includes 4 of the hillclimb venues which have been used in and around Hobart from the late 1950s to the present day. These hillclimbs have all been on public roads and as we tour them at a leisurely pace, try to imagine those who drove them at competitive speeds. We will finish with a reverse direction drive down one of the Targa hillclimb stages, on the way to Tynwald Park for a BBQ.

The club will provide meat for the BBQ, but BYO salads, drinks, and chairs. There are a limited number of picnic tables available. *Please contact Kevin McGuire 0409 315 014 if attending this event by 20/02/2002*

15th March – My Slice of Pie, Mountain River. This venue is under new management but the new owner (Tracey) will honour our booking with a menu similar to the one we are used to. Cost is \$25.00 per head. We will **depart** the Civic Club at the usual time **8.10am.** to be there by 9.00am. *For further information please contact Bob Leeson: 0362 296 006 by **13/03/2020** if attending this event, (to notify the management of numbers)*

21st March – Bream Creek Show. Departing the Civic Club at 10.00am MG time (10:30am). *For further information please contact Chris Wagstaff: 0438 055 199*

19th April – Run to David Scott's abode at Orford. More details in next month's magazine

Other Events - Dates to be finalized:

? **May** – ? Run to Dunalley Hotel - Richard

? **June** – ? Hire boat for cruise up the Derwent - Richard

Other Suggestions for Events: Run to Russell Falls - \$25 per carload (8 people) or \$12 single

Dates to Keep in Mind:

Sunday 18th October – Britain to Bunna (Triabunna). Gurnhills organising overnight stay on the Saturday.

NON-DESTRUCTIVE TESTING SERVICES

Mechanical, Structural, Automotive crack testing & condition assessment of all ferrous and non-ferrous materials

Mechanical components are subjected to stresses in service from dynamic and static loading, temperature changes and corrosion resulting in cracking which can remain undetected visually until there is a catastrophic failure. This can be accelerated by exceeding design loads, inadequate maintenance or remaining in service in excess of the lifespan intended by their designers.

The correct NDT method applied according to strict guidelines by a trained and certified technician can detect cracking in metallic structures, welds, castings and forgings before they are large enough for the part to fail in service.

For advice and applications talk to **Chris Blake** to discuss your requirements large and small, I have tested everything from wheel studs to Hydro turbines. Full reporting provided to Australian Standards, I am certified to AS3998/ISO9712 with the Australian Institute of Non-Destructive Testing (CB# 4679) and carry full public liability insurances.

Important information for all members.

A defibrillator is carried to all MG Car Club Events. The person who has organised the event will have the defibrillator with them. If the event organiser has changed, that information will be shared at the commencement of the event and the new events organiser will have responsibility for carrying the defibrillator, not necessarily using it, unless they feel competent in doing so.

Hopefully this information will never be needed.

TJ's Humour for Month of February

Joe the loudmouth mechanic was removing the cylinder heads for the motor of a car when he spotted the famous heart surgeon Dr. Michael Barrington-Smythe, who was standing off to the side, waiting for the service manager to come take a look at his Jaguar.

Joe shouted across the garage, "Hey Doc! Is that you? Come on over here a minute." The famous surgeon, a bit surprised, walked over to where Joe the mechanic was working on the car.

Joe straightened up, wiped his hands on a rag and asked argumentatively, "So Mr Fancy Doctor, look at this here piece of work. I also open hearts, take valves out, grind 'em, put in new parts, and when I finish this baby will purr like a kitten. So how come you get the big bucks, when you and me is doing basically the same work?"

Dr. Barrington-Smythe leaned over and whispered to Joe the loudmouth. "Try doing it with the engine running...."

MGA Register Notes

February 2020

Past Events:

MGA REGISTER – INAUGURAL GARAGE MEETING - 18TH JANUARY 2020

The first event for the newly reformed MGA Register saw 13 enthusiastic attendees (6 apologies) & 6 MGA's in attendance, where the role & direction of the Register, as an integral part of the MGCC of Tasmania was discussed.

It was resolved that our goals would be:

- a. To maintain a record of the details & history of Tasmanian MGA's.
- b. Provide technical help & parts locating assistance to members where required.
- c. Initially conduct 2 MGA specific Events this year, coordinated with the main club calendar, as a platform for members to get their MGA's out, together.

It was agreed that it would be helpful to the Register if a volunteer from both the Southern SC & N/West Group to provide a focus for their local MGA owners & provide local news when available.

Kel Aldred has kindly offered to act as MGA representative for the SSC - MGA owners & the NW Group will advise (conscript) its rep. in due course.

Forthcoming Events:

2020 MGCC NATIONAL MEETING – ALBURY/WODONGA 10TH – 14TH APRIL 2020

Registrations for the Natmeet closes on the 22nd of March 2020 - please register on: <http://mgccnatmeet.mgcc.com.au/registration/signup.aspx>

Apparently there are 22 Tasmanians registered at this stage.

MGA REGISTER RUN

The date that has been coordinated for the Registers first Run is **Sunday the 17th of May 2020**, so plenty of time to put the final touches on your restoration. Details haven't been finalised (or even considered at this stage!) yet, so any suggestions will be gratefully considered. We have, of course, the usual problem of trying to find a venue equidistant from the 3 centres.

MGA Register News

THE MGCCT MGA REGISTER UPDATE

At the garage Meeting, Max & Winsome Freeland presented us, the latest incarnation of the MGCC of Tas. - MGA Register, with Max's most comprehensive set of records of Tasmanian MGA's, comprising Photos, Engine & Body No's & Owner Details going back many years.

When these details are incorporated into the current MGA Register database we will have possibly, the most comprehensive historic record of local M.G. - model MGA cars in Australia.

Many thanks Max, we will do our best to do your years of diligent research justice.

Square Rigger Notes

All Pre War, T and Y Type MG's.

Well into the New Year now and good to report on additions to the fleet of T Type MGs gracing our shores, these in the NW region. Most are under restoration, the TC fully operational, some have been in Tas a good time, others relatively recent arrivals.

Top the early TD1610 of Jamie Gillam making detailed progress, have a look at his youtube videos of various stages of repair and assembly. Also TF6733 of Chris Vernon well advanced with a thorough detailed restoration in progress.

Tim Grant has found a fine example in TC7902 having undergone restoration in Victoria (the TC that is) and recently SI registered in Tas. And yet another car now progressing in that dimension, TD12623 of Richard Gamble, here in the initial assembly stage and parts assessment with the internet proving useful in locating various items, the main component needed is a tacho (later model) if anyone can help.
