

Welcome to the first MGC Register newsletter.

We hope to send these out at regular intervals to keep you up to date with MGC news and events.

If you have something to share with fellow MGC owners send it to me and I will include it.

We hope to have a few 'pop up events' like the one we had at the Hook Norton Brewery last October. So if you know of a venue where we could meet up let me know.

We would especially like to do a pop up event or 2 further 'up north' and in Scotland.

The first event we are attending is

On Sunday 11th February.

We are having a stand with a very special MGC on show

We would love to see you there and there maybe chocolates!

Our AGM is Saturday 18th May @ 2pm at The Fairmile, Cobham, and afterwards

the South East Area have their MG 100 celebration on the green in front of the hotel at 3pm and we will be joining in and showing off our cars.

A date for the Diary for later in the year is 14/15th September when we will be having a get together in Lynmouth.

MGC Day 27th July 2024

Here is something I have received from a fellow C owner:-

Heres a technical hint for the next news-letter.....It says Popular Science 1963, but I rather think it may have been sent in by Greta Thunbergs grandfather.

This is something my father and myself did in the late 1960's along side my fathers garage. Well we did until one day it spontaneously caught fire and a considerable blaze ran up the walls of the garage. Fortunately a neighbour alerted us and we were able to extinguish it.

My father spoke to a chemist at work, who suggested there may have been iron particles in the oil which had reacted to create heat.

Anyway that was the end to that method.

The Official British Leyland Inspection Sheet

1. Place this sheet under your MG's engine. Leave overnight.
2. Remove and inspect this sheet before driving your MG.

-If the MG Logo above is covered in oil drips, check your oil level and top up. Now go for a drive!

-If the MG Logo above is clean, do **NOT** drive your MG! The oil sump is **EMPTY**!

Note: This sheet can also be used with the gear box, rear differential, or anywhere else fluid flows in your MG.

And finally, we have a range of clothing items available via ACE, this is just an sample of some of the things available, many more items and colours available. Just a note that the sizing is on the snug side.
