## **President's Report**

The events in Victoria certainly raise concerns that we may go back into lockdown just when we have re-started our social activities and providing some sense of normality in our lives.

I think that it's important that we take Victoria's situation as a warning that we too could have the virus regain a hold in our state as it takes only one careless action. Therefore with the re-start of activities it is important that we make sure that we adhere to the guidelines and not to forget that it's up to us all to look after each other.

When we start to organise events it is always with the thought that it could all come to nothing if the Covid 19 reinfection take off in our state so let's enjoy the relaxation of the lockdown and enjoy to social events but let's abide by the rules.

We are approaching the final period of the MG year and trying to see if we can have some events to fulfil some of the club's competition calendar to allow trophies to be competed for and won as there has not been a year that competition trophies have not been presented due to events not being held. 2020 is the last year that this MG Race Committee will run race meetings however we will still continue to run club days and our motorkhana's which form an important part of the junior development and maintain the competition program.

We will now return to where we were with competition some 15 years ago before we took on the running of a full race program.

These changes will give the club a chance to regroup so to speak and for us to concentrate on our core activities and who knows we may get back to having well supported club competition activities.

We have our second last race meeting over the weekend of 22<sup>nd</sup> and 23<sup>rd</sup> August at Symmons Plains and the final meeting will be the 60<sup>th</sup> anniversary year of Symmons Plains on 24<sup>th</sup> and 25<sup>th</sup> October which will be a two day race meeting with qualifying and practice on Friday 23<sup>rd</sup>.

The next matter is the AGM and annual concours weekend 7<sup>th</sup> and 8<sup>th</sup> November in Launceston.

This also heralds the election of the new State Committee State for the next year and as we have mandated terms for the president of 2 years and my 2 years will be up at the end of this year we need a new president.

Our secretary is standing down after a long term in the position and we will need to have someone undertake those duties for the coming year.

Our Club Captain Craig Large is standing down due to work commitments so we need to have that position filled as our Captain oversees the running and paperwork for our competition events.

Therefore I'm looking to have those positions filled for next year and it would be good to have new blood so to speak on the committee which rejuvenates the club with new ideas and outlook.

I would like you all to consider filling a position on the new Committee for next year

**CONSIDER CONTRIBUTING YOUR EXPERTICE TO OUR COMMITTEE.**

Now the matter you all have been waiting for and that is the winner of the presidents Covid 19 lockdown coloring competition.

Firstly these are the finalist entries in the competition.

Entry 1

Entry 2

Entry 3

Entry 4

Entry 5

Entry 6

The judges spent considerable time on each entry and the names of each entrant were kept anonymous to overcome any favoritism and the possibility of any corruption .

The detail identified with the coloring pencil was paramount in that the winner has identified the rare Tilley mouse or was that a rat to be colored in and there was only one person to do so.

Therefore the winner is entry 5, Greg Bannon who identified the offending beast behind the back wheel.

Greg's substantial prize will be in the mail in due course. Well Done Greg!

Well that is all for this month so enjoy the resumption of activities.

President  
Mark Dilger

"I'm not sure you understand what we mean by next generation leadership..."

## **Secretary's Report**

From the State Committee meeting held on the 5<sup>th</sup> August ( Meeting no.751 )

### **Record of Property**

B Zuber and M Harrington have completed a stocktake of the clubs property held at the Civic Club, this has now been registered on a data base which is to be reviewed annually. And mentioned in a previous report was that we give consideration to purchasing a display cabinet that will be placed in the Civic Club. R Wilmot has now found a suitable cabinet and is negotiating for it's purchase.

### **Junior Officials Policy and Child Protection**

It has been recognised that, in this state, we need to have our working with vulnerable certificates especially with motorkhana's. On this matter the position of Motorsport Australia is that any adult official supervising a minor must hold a current Working with Vulnerable People license in their home state. It was hoped that our club could maybe do this as a group but as it's not possible the club will select members to supervise / work with vulnerable people. eg Club Captain. ( there were four members at the meeting that already have this certificate for personal reasons. GB)

### **Motorsport Australia COVID 19 Grant**

M Dilger has prepared a submission for presentation to Motorsport Australia for the purchase of items such as hand sanitiser, signs for club / race meetings / wickets hats? etc that are a requirement for events such as the upcoming race meeting to ensure hygiene and social distancing regulations can be complied with.

## Ed Says

Well isn't a month a long time in politics these days, just when we thought everything was going to get back to "a new normal" a major spanner has been thrown in the works. Having had the tight lockdown on the NW in April, we can sympathise with what many Victorians are now going through. However that does not stop us from sighing with relief that it is them and not us this time. Nothing like sharing the pain around!!

What it does do is give us more opportunities to enjoy our own backyard, and now more than ever our hotels, restaurants and tourism operators need our support. Our gestures may be well short of the tourist numbers that normally frequent our lovely state, but every little bit makes a difference.

And looking at the number of members attending our social runs at the moment we are all relishing the opportunity to get our cars out and about again.

Motorsport is also about to kick off with our first Motokhana at Symmons Plains over and done with when you receive this magazine, the new look with no spectators and self scrutineering will make for an interesting variation of what we call normal. Hopefully our race meetings will be able to have some spectator support.

And then we have this touch of real winter with snow down to 300 metres across most of the East of the state. Up here on the Sunshine Coast, the weather was a barmy 9° and clear blue skies. But hearing of Hobarts and Launceston's plight did bring back memories of our Tarraleah Winter Getaway back in 2014, so I included a couple of memory photos inside the front cover to jog others memories. (It was a hilarious weekend)

Which leads to another point, please send in your photos for the magazine, there are a couple of members who do this regularly, but I would prefer to have too many, than not enough, and preferably of a print quality please.

Ed.

## **Southern Notes**

### **PAST EVENTS**

**25<sup>th</sup> July – Working Bee at the Civic Club.** The call to arms was very successful as we had 11 contenders for the cleanup of the Civic Club grounds. This is a commitment for the Southern Sub-Centre as “payment in kind” for the use of the club for our meetings and events. It was made all the more pleasant as the coffee shop opposite offered us free coffees which was much appreciated. Thanks to the helpers as we achieved a lot of work in a couple of hours.

### **26<sup>th</sup> July – The Moorings@Lady Franklin.**

A beautiful calm and sunny day greeted us at the Civic Club for the commencement of our run to Franklin. The run followed a very scenic route via Taroona, Kingston, Blackmans Bay, Howden, Margate, Sandfly and Huonville where we stopped for coffee. We had 22 starters (mostly human Herbie! In response to his funny comment) in 12 MG's, 1 MX5, 1 Mercedes SLK and 1 Mustang. It was a very pleasant drive in mostly good road surfaces except for the section through Howden. Nobody got lost but Stephen Huntley had a minor mechanical issue.

Dimitry and head chef Darion Mika had all in readiness for us on arrival with places set for 25 and coping with the Covid 19 rules as well as could be expected having just recently reopened. We had the front area facing the football oval pretty much to ourselves. We were spoiled for choice with 6 mains and 2 desserts on offer. Most commented that the meals and service were very good with orders and payment taken at the same time by the waiter with individual names.

Mark Harrington lost his name tag magnet at Huonville and was wondering how he could obtain a replacement. However it mysteriously re-appeared on the floor at Franklin as if by magic.

### ISO Busting Run

A group of 31 members assembled at the Road Safety Centre in Launceston on Sunday 12th July for their first post-isolation run. After the long awaited greetings, stories and tall tales plus admiring the MGA that Peter and Liz Harper are now the proud owners of, the group travelled through Riverside, along the Bridgenorth Road, to Westbury via Westwood. We travelled on from Westbury to Carrick where we met Chester and Sally McKaige and then on Longford via Bishopsbourne for lunch at JJs .

We were then joined by another three members and all enjoyed a fantastic meal and excellent service by the staff at this venue. It was a great day with the added bonus of fantastic weather for a Tassie winter. In all, it was a great outing and the camaraderie among the members was as strong as ever. Annie and I thank all who attended, a great group of folk.

***TJ's Humour for Month of August-- Perhaps us down the track !!!!!!!***

An elderly couple had dinner at another couple's house, and after eating, the wives left the table and went into the kitchen.

The two gentlemen were talking, and one said, '

Last night we went out to a new restaurant and it was really great I would recommend it very highly.'

The other man said, 'What is the name of the restaurant?'

The first man thought and thought and finally said,

'What's the name of that flower you give to someone you love?'

You know, the one that's red and has thorns.'

'Do you mean a rose?'

'Yes, that's the one,' replied the man. He then turned towards the kitchen and yelled, 'Rose, what's the name of that restaurant we went to last night?'

Moe an 82 year-old man, went to the doctor to get a physical.

A few days later the doctor saw Morris walking down the street with a gorgeous young woman on his arm.

A couple of days later the doctor spoke to Morris and said, 'You're really doing great, aren't you?'

Morris replied, 'Just doing what you said Doc:

'Get a hot mamma and be cheerful.'

The doctor said:

'I didn't say that.. I said -

'You've got a heart murmur; be careful.'

# TARGA TASMANIA CLASSIC RALLYE 2021

TasVacations brings to the motoring enthusiast the Targa Tasmania Classic Rallye 2021; the best way to experience one of the world's most unique destinations and the ultimate tarmac Rallye - Targa Tasmania.

You will mix with Targa Tasmania competitors at the official start and finish of the event, leading the field in your classic car at selected stages throughout, in front of hundreds of adoring spectators.

The Targa Classic Rallye is a non-competitive touring event that combines the best of Tasmania with an inside view of the competitive components of Targa Tasmania. This is only made possible through the great relationship TasVacations has with Targa Tasmania.

This magnificent 9 day Classic Rallye will guide you through Tasmania's natural wonders and quaintest of towns via some of Targa Tasmania's signature Rallye stages. You will stop along the way to marvel at Tasmania's great history, breathtaking scenery and indulge in the best of the state's award-winning food and wine.

To qualify, generally the car you bring on this classic rallye should be at least 30 years of age or eligible for historic registration in your state of origin, above average condition and capable of cruising easily at 90km per hour for the duration of the Rallye. Limited places are also available for more modern classic cars. However these spaces are limited based on final numbers and vehicle allocation. If you are interested in entering your modern classic car please enquire. Drivers must enter with a passenger/navigator. Both driver and passenger must hold a CAMS L2 non speed licence and only 2 persons per vehicle are permitted in Targa Stages.

Our places are strictly limited and will be filled based on the order of registrations received and accepted.

You will be joined by other like-minded motoring enthusiasts as your Classic Rallye starts in Devonport. The Official Start commences at Hotel Grand Chancellor, Launceston followed by other Targa stages.

Your 9 day, 8 night, guided tour will end as you cross the Official Finish in Hobart where you will receive your Targa Tasmania Finishers Medallion. Celebrate the success of the tour at the exclusive Shannons Classic Rallye VIP Finishers Party, followed by your groups own Finishers Presentation Dinner.

## NON-DESTRUCTIVE TESTING SERVICES

**Mechanical, Structural, Automotive crack testing & condition assessment of all ferrous and non-ferrous materials**

Mechanical components are subjected to stresses in service from dynamic and static loading, temperature changes and corrosion resulting in cracking which can remain undetected visually until there is a catastrophic failure. This can be accelerated by exceeding design loads, inadequate maintenance or remaining in service in excess of the lifespan intended by their designers.

The correct NDT method applied according to strict guidelines by a trained and certified technician can detect cracking in metallic structures, welds, castings and forgings before they are large enough for the part to fail in service.

For advice and applications talk to **Chris Blake** to discuss your requirements large and small, I have tested everything from wheel studs to Hydro turbines. Full reporting provided to Australian Standards, I am certified to AS3998/ISO9712 with the Australian Institute of Non-Destructive Testing (CB# 4679) and carry full public liability insurances.

Two Aussies are out gold fossicking in the outback when they came upon a huge hole in the ground. They approached it and were amazed at it's size and depth.

The first Aussie said "Wow, that is some hole. I can't even see the bottom. I wonder how deep it is?"

The second Aussie said "There is an old gearbox over there. Let's throw it in and see how long it takes to hit the bottom."

Despite ti being very heavy, they picked up the gearbox, carried it over to the hole, counter one-tow-three and heaved it in.

As they were standing there looking over the edge of the hole, a goat came crashing through the undergrowth, ran up to the hole and without hesitation, jumped in headfirst.

They were so mystified by this that they stood staring at each other in amazement, peering in to the hole, trying to figure out what the hell had just happened.

Just then an old farmer sauntered up. "Say, you fella's didn't happen to see my goat?"

The first Aussie said "Funny you should ask, we were just standing here a minute ago when a goat came running out of the bushes doing a hundred miles an hour and then jumped head first into this hole."

The old farmer said, "Naw, that's impossible! I had him chained to an old gearbox."

# Square Rigger Notes

## All Pre War, T and Y Type MG's.

A special presentation this month in a tribute to a successful race driver, strong competitor and an early Club Member Wayne Tyson who passed away recently. As many will know Wayne began motor racing from the later 50s to mid 60s and continued his interest right through to historic events and functions of recent times. Here is a small slice of the many tracks and many pics of Wayne and his MGs central to much of his success, the ex Lewis TF and old No.77, the well campaigned TC of those times. Competing in a standing quarter on the original Longford Mile start grid c1957, also at Quorn Hall and Brickmakers Beach with the Button TF leading the way.

And three more events with the TC, competing on many of the Tas tracks, Trevallyn Hill c1960, Symmons Plains in strong company around 1961 and again on a hill, this time Penguin 1963 with a little extra under the bonnet. This but a brief glimpse of one side of Wayne Tyson who gave a great deal to both Club and open motor racing entertaining the many competitors and followers in the day.
