

# ZR/ZS/ZT Register Review of the Year 2018

2018 is certainly a year to remember for the ZED Register!. In February, our calendar began in the freezing halls of the National Agricultural Centre at Stoneleigh for the annual MG/Triumph Spares Day in February, then, we travelled to the NEC at Birmingham for the Practical Classics Classic Car and Restoration Show where we showcased three models from the ZED range and welcomed many new and existing members on to the stand. This year's Pride of Longbridge event was hampered by bad weather, but that didn't deter hundreds of cars and enthusiasts making the pilgrimage home and around the factory gates at Longbridge and along Lowhill Lane, a real sight to behold!. Our ZEDs in the City event at the Coventry Transport Museum was a great success with over 30 cars displayed on Millennium Place right in the city centre in glorious sunshine!. This year's MG Live gave us the opportunity to showcase two members cars which attracted considerable attention from visitors. It's always a tremendous event and great to catch up with members and welcome new ones!. The register open day at Kimber House encouraged a number of members to visit the Club's home, some for the first time, and who could forget MG Saloon Day, held at Donington on a baking hot Sunday in July with an impressive display of ZT V8's to celebrate the model's 15th anniversary!. The register supported a number of race meetings during the year and many members took part in the parade laps and enjoyed the chance to drive the circuits. **Thank you to all members who have supported our events throughout the year and given such positive comments and feedback, which is so much appreciated.** Our 2019 Calendar will be published in mid December and we look forward to another exciting year!
